Notes:

- A vote "Withheld" is not a vote in law and is not counted in the calculation of the votes "For" or "Against" a resolution.
- As at 11 June 2020, the number of issued shares in the Company was 285,488,105 ordinary shares, which was the total number of shares entitling the holders to attend and vote for or against all the resolutions at the AGM. In accordance with the Company's Articles of Association, on a poll every member present in person or by proxy has one vote for every share held.
- The full text of the resolutions may be found in the Notice of the Annual General Meeting, copies of which are available on both the Company's website www.puretechhealth.com and on the National Storage Mechanism.
- In accordance with Listing Rule 9.6.2, a copy of the resolutions, other than those concerning ordinary business has been submitted to the National Storage Mechanism and will shortly be available for inspection at: <https://data.fca.org.uk/#/nsm/nationalstoragemechanism>.

About PureTech Health

PureTech is a clinical-stage biopharmaceuticals company dedicated to discovering, developing and commercialising highly differentiated medicines for devastating diseases, including intractable cancers, lymphatic and gastrointestinal diseases, central nervous system disorders and inflammatory and immunological diseases, among others. The Company has created a broad and deep pipeline through the expertise of its experienced research and development team and its extensive network of

scientists, clinicians and industry leaders. This pipeline, which is being advanced both internally and through PureTech's Founded Entities, is comprised of 23 product candidates and one product that has been cleared by the US Food and Drug Administration (FDA). All of the underlying programmes and platforms that resulted in this pipeline of product candidates were initially identified or discovered and then advanced by the PureTech team through key validation points based on the Company's unique insights into the biology of the brain, immune and gut, or BIG, systems and the interface between those systems, referred to as the BIG Axis.
