The Board has consistently taken steps to proactively engage with shareholders on remuneration and governance, including during 2024 and 2025. Consistent with prior practice, the Board will continue to engage with shareholders in the periods ahead and remains committed to maintaining open and constructive dialogue. The Company will provide an update on engagement within six months of today's Annual General Meeting, in accordance with the UK Corporate Governance Code 2024.

Notes:

- (1) A vote "Withheld" is not a vote in law and is not counted in the calculation of the votes "For" or "Against" a resolution.
- (2) As at June 16, 2025, the number of outstanding shares in the Company was 240,254,449 ordinary shares, which was the total number of shares entitling the holders to attend and vote for or against all the resolutions at the AGM. In accordance with the Company's Articles of Association, on a poll every member present in person or by proxy has one vote for every share held.
- (3) The full text of the resolutions may be found in the Notice of the Annual General Meeting, copies of which are available on both the Company's website <https://investors.puretechhealth.com/financials-filings/reports> and on the National Storage Mechanism.

About PureTech Health

PureTech is a clinical-stage biotherapeutics company dedicated to giving life to new classes of medicine to change the lives of patients with devastating diseases. The Company has created a broad and deep portfolio through its experienced research and development team and its extensive network of scientists, clinicians, and industry leaders that is being advanced both internally and through its Founded Entities. PureTech's R&D engine has resulted in the development of 29 therapeutics and therapeutic candidates, including three that have been approved by the U.S. Food and Drug Administration. A number of these programs are being advanced by PureTech or its Founded Entities in various indications and stages of clinical development, including registration-enabling studies. All of the underlying programs and platforms that resulted in this portfolio of therapeutic candidates were initially identified or discovered and then advanced by the PureTech team through key validation points.
